

Our Past and Future

Building Blocks was established in 1986 in Doylestown, and has grown to accommodate 3-5 year old children in Preschool, Pre-K and Kindergarten. Use of just one classroom in our present facility in Andrews Hall in 1986, has grown to the use of six classrooms. The original staff of two has grown to a stable staff of eighteen, with many years of preschool experience and education. Due to this growth, an additional facility opened in the Fall, 2005.

Building Blocks Learning Center of Hilltown models the Doylestown school, at St Peter's Lutheran Church on Hilltown Pike. This additional facility allows the excellent reputation of BBLC as a premier preschool to accommodate additional children interested in the program.

Our Philosophy

Building Blocks Learning Center is proud to provide a preschool environment that promotes self esteem and developmental skills in children. A professional staff offers a variety of child initiated and structured activities. Whole growth of social, intellectual, and physical skills are part of each program level. Music and Art are used to foster appreciation for the world around us. Play and laughter are important components to each day. The demeanor of the program builds a strong foundation of values which guides a child in future school experiences.

- Small Class Size
- Certified Teachers and Aides
- Large Indoor Play Area and Safe Outdoor Play Yard
- Music Program
- Field Trips
- Family Evening Programs

Hilltown Programs Offered

Step 1 for 3 year old children
Tuesday & Thursday 9-11:45am

Step One is designed for the first time school experience. Emphasis is placed on social interactions and age appropriate hands-on activities. Children are not required to be potty-trained.

Step 2 for older 3 year old children
Monday, Wednesday & Friday 9-11:45am

Step Two is a slightly more structured program. Independence in social and readiness skills are introduced along with the development of small motor skills. Children are required to be potty-trained and ready for a three day school week.

Pre-K for 4 year old children
Offering 3, 4, or 5-day Programs
Monday through Friday 12:30-3pm

Pre-K is the program for children who are eligible to attend Kindergarten the following year. Readiness in language, numbers, letters and small motor skills are developed during each session.

Comments from Our Families

"On so many levels, BBLC has gone above and beyond my expectations. The educators have an innate ability to bring out the very best in each and every child." - Lanie E.

"A friend referred us to Building Blocks and I really cannot thank her enough. The teachers are amazingly dynamic. They entice the students to participate. I love the special projects and songs too." - Gail G.

"BBLC is one of the best parenting decisions we have ever made. Our expectations of a preschool have always been exceeded."
- Ted & Tara F.

"I could not sing higher praises of BBLC, a top-notch, nurturing learning environment. As a mother of three very different personalities, it is a heartwarming delight to see a child's individuality always respected."
- Denise G.
